SEPTEMBER 2026 NEWSLETTER

BUILDING SKILLS. SUPPORTING PEOPLE. GROWING TOGETHER.

September is shaping up to be a busy one at Liderazgo. Two public courses are coming up before the month is out, we're saying a big thank you to a colleague who has been with us for over ten years, and we're looking back at a team session we ran for Engen's Sales & Marketing team.

PUBLIC FIRE FIGHTING COURSE 25 SEPTEMBER

Extinguishers on the wall are only useful if the people next to them know what to do. This one-day course gets your team ready for that moment: how a fire starts and spreads, which extinguisher to reach for, and how to use it properly. It suits employees, supervisors and anyone who would be expected to act if a fire broke out at work.

 25 September 2026

 Gauteng & KwaZulu-Natal

 1-day course

TETA accredited | Unit Standard 252250 | NQF Level 1 | 3 Credits

“ Training is a core part of **proactive fire safety management**. It protects your people, your property and the environment.

What you'll cover

- ◆ How fire works: heat, fuel and oxygen, and how it spreads
- ◆ The different classes of fire and the right agent for each
- ◆ Choosing an extinguisher and checking it is ready to use
- ◆ The PASS method: Pull, Aim, Squeeze, Sweep
- ◆ Hose reels, fire buckets and fire blankets
- ◆ Common causes of fires and how to prevent them
- ◆ Emergency plans, fire alarms and evacuation
- ◆ Your duty to act under the Occupational Health and Safety Act

ON THE DAY

Classroom theory first, then a hands-on practical outside. Classes are kept small, with 12 to 15 learners per facilitator.

ASSESSMENT

A final assessment plus an individual practical. The pass mark is 80% for theory and 100% for the practical.

YOU'LL RECEIVE

A Fire Fighting training manual and a certificate on completion of the course.

Bookings are essential. Get in touch to secure your place in Gauteng or KwaZulu-Natal.

PUBLIC COURSE

HANDLING OF DANGEROUS GOODS

Chemicals and other Dangerous Goods are part of daily work for a lot of businesses, and so are the risks that come with them. This one-day course covers how to handle, load, store and secure them safely, and how to stay on the right side of the regulations.

 17 **29 September 2026**

 **Gauteng & KZN**

 **1-day course**

TETA accredited | Unit Standard 8020 | NQF Level 4 | 4 Credits

“ Under **Regulation 277(2) of the National Road Traffic Act**, companies that handle, store or transport Dangerous Goods must have qualified persons responsible for those activities.

What you'll cover

- ◆ Legislation, standards and SANS codes
- ◆ Identifying and labelling hazardous substances, including GHS labels and pictograms
- ◆ Classes of Dangerous Goods, compatibility and segregation
- ◆ Safe handling, storage and disposal
- ◆ Securing cargo before, during and after a trip, and load stability
- ◆ Loading and off-loading procedures, with pre- and post-loading checks
- ◆ PPE, spillages and an introduction to fire fighting
- ◆ Vehicle, driver and facility requirements

ON THE DAY

Theory and in-class activities, then a practical evaluation outside with your facilitator: prepare for loading, load and secure, then off-load.

ASSESSMENT

A final exam plus a practical evaluation. The pass mark is 80% for theory and 100% for the practical.

YOU'LL RECEIVE

A learner guide and a certificate on completion of the course.

Bookings are essential. Secure your place and keep your operation safe and compliant.

MEET THE TEAM – 10+ YEARS OF EPHRAIM

This month we're saying thank you to **Mzimasi Sakwe**, better known to all of us as Ephraim, who has been part of the Liderazgo family for more than ten years.

Ephraim knows the transport and logistics industry inside out, and he shares that knowledge generously with our learners and clients. He's also the kind of person who leaves a good impression on everyone he works with.

Ephraim, we see you, our clients see you, and we appreciate you. Thank you for everything you bring to Liderazgo.

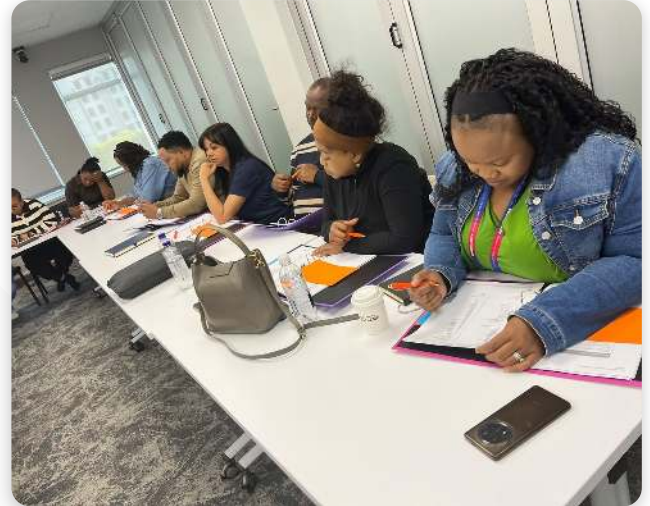

Here's to many more years together! ❤️

FROM “ME” TO “WE”: TWO DAYS WITH ENGEN SALES & MARKETING

Recently, **Michael Bromilow** and **Rosemary Refilwe Monyane** ran a two-day Team Cohesion & Change Enablement Programme with the Engen Sales & Marketing team. The idea was to give everyone room to step away from the daily rush, talk openly and work out how they can work better together.

Over the two days, we covered:

- ◆ Team values and alignment
- ◆ Communication and collaboration
- ◆ Teamwork and innovation
- ◆ What makes a high-performing team
- ◆ Diversity in the workplace
- ◆ Leading through change
- ◆ Team pledges and personal commitments

There were group activities, honest conversations and time to reflect, and we finished with team pledges and personal commitments so the insights turn into action.

Good teams aren't made up of people who all think alike. They work because people understand each other's differences, talk openly and share responsibility for the goal.

Engen Sales & Marketing – Team Cohesion & Change Enablement Programme

Thank you to the Engen team for your openness and for getting stuck into every conversation. We enjoyed being part of it.

Want to strengthen communication, collaboration and leadership in your own team? Get in touch and let's talk.

FOLLOW US ON EVERY PLATFORM

Course dates, news from the training room and updates from the team usually show up on our social pages first. Give us a follow and you'll always know what's coming up.
